Bowmansgreen Primary School seeks to pass on to its children the richness and depth of education, within a friendly, loving and welcoming environment. We value and encourage the vital part played by teachers, parents, carers, governors and the wider community in the learning and emotional and physical development of each child. In our multi-cultural society, we work and grow together, learning and respecting the background of everyone in our school community.

We believe that parents are the first and foremost educators of their children and that we are called to support them in their learning and personal development. Each child in our school is valued and encouraged to be the best that they can be—morally, emotionally and academically in a happy, secure learning environment.
