# Check Out Our New Website & App!

We are very excited to announce that Bowmansgreen has a new website and app!

The app, which is free and compatible with Apple and Android devices, allows you to receive alerts, read about school news, view & subscribe to the school's calendar and more.

Visit bowmansgreen.herts.sch.uk to check out the new website and download the app.

If you like the app, we'd really appreciate a rating on the app store. ☺
You can also send feedback via the form on the app menu. Thanks!
